CORONAVIRUS UPDATE No.4

We are a licensed premises caught up in the latest government edict - the clubroom is now CLOSED to all activity. This cancels out the Friday Night and other informal catchups referred to in a previous update.

To be clear, only informal roll-ups on the greens are still available at this time on condition that all individuals involved follow the requirements outlined before, e.g. social distancing and non-contact (also refer to our website).

The club room will now only be accessible for essential security, maintenance, cleaning, supplies and administration requirements. If in doubt, it's best to stay away for the time being.

We will issue regular updates as things move on.
